APPROVAL.....OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source.
It is understood that the amount of water herein granted is only a tem-
porary allowande and the final water right obtained under this permit
will be dependent upon the amount of water actually placed to beneficial
use. It is also understood that this right must allow for a reasonable
lowering of the static water level at permittee's well due to other
ground water development in the area. A substantial weir or other
type of measuring device must be installed and measurements of water use
kept. The well shall be equipped with a 2-inch opening for measuring
depth to water. If well is flowing, a valve must be installed and main-
tained to prevent waste. The State retains the right to regulate the
use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed.....0.5.....cubic feet per second.....

Actual construction work shall begin on or before.....February 23, 1972.
